The Jack & Jill Children's Foundation provide grants to families for the purpose of home respite care.

These payments received are on the understanding that the total amount advanced by the Jack & Jill Children's Foundation will be included as part of any proceedings brought on my/our child's behalf in respect of injuries. In the event of the proceedings being successful and the monies advanced by the Jack & Jill Children's Foundation being recovered from the Defendant, such sums recovered will be reimbursed to the Jack & Jill Children's Foundation (subject to court approval) and without prejudice to the family's own settlement.

In this way it is hoped that Jack & Jill Children's Foundation will be able to continue to assist other families in similar circumstances who have young children having similar special care needs.
